## Profile Summary

Results-driven React Native Developer with one year of hands-on experience building and launching cross-platform mobile applications. Skilled in integrating REST APIs, Firebase, and AWS services to create smooth, scalable, and user-friendly solutions. Known for improving UI responsiveness and adding robust validation and notification features that enhance overall app performance.

## Professional Experience

11/2024 – Present	<b>React Native Developer</b> <i>Thinks Strive Solutions</i> <ul style="list-style-type: none"><li>Developed and deployed cross-platform mobile applications integrated with MongoDB resulting in a 20% reduction in load times.</li><li>Implemented push notifications using React Native Cli and Firebase to boost user engagement and retention.</li><li>Integrated AWS CRUD operations for efficient data storage and retrieval, improving backend performance and reliability.</li><li>Optimized UI responsiveness by refining TouchableOpacity components and layout structures for smoother interactions.</li><li>Designed custom validation logic for government ID fields, including Aadhar, reducing form submission errors by 35%.</li></ul>
05/2024 – 11/2024 Surandai,Tenkasi	<b>React Native Developer</b> <i>Kite Career</i>  <ul style="list-style-type: none"><li>Built mobile applications using React Native integrated with Laravel backend.</li><li>Integrated push notifications using Expo and Firebase for both Android and iOS platforms.</li><li>Ensured mobile UI responsiveness and smooth touch interactions using TouchableOpacity and Flexbox.</li><li>Worked on form validations including Aadhar number, address, and custom rules.</li></ul>

## Education

07/2025 Coimbatore	<b>Master of Computer Applications</b> <i>Bharathiar University</i>
2021 – 2024 Coimbatore	<b>Bachelor of Computer Applications (BCA) - 72%</b> <i>Dr. N.G.P. Arts and Science College, Coimbatore</i>
05/2020 – 08/2021 Tenkasi	<b>Higher Secondary School - 77%</b> <i>Veeramamunivar Matric Hr sec School</i>

## Technical Skills

### Mobile Development

React Native, Expo

### Web Technologies

HTML, CSS, React.js, RESTful APIS

### UI Libraries

React Native Paper, NativeBase, NativeWind

### Java Technologies

Core Java, JDBC, Servlets (Learning)

### Cloud Services

AWS (CRUD), Firebase (Notifications & Auth)

### Tools

Git, GitHub, Postman, Android Studio, VS Code

## Certificates

---

- Basics of Java Certification (Java OOPS feature) [↗](#)
- HTML and CSS (2 in 1 ) course fir beginners [↗](#)

## Projects

---

### Trip Management App

*A mobile platform that connects vendors and drivers to streamline trip operations.*

- Built trip creation and driver management modules with real-time status tracking.
- Integrated video recording and document upload features using AWS S3 for secure cloud storage.
- Implemented dynamic fare calculation leveraging geolocation APIs based on distance and time.
- Technologies: React Native, AWS S3, Firebase, Expo, Laravel API
- Result: Reduced manual trip coordination time by 0% and enhanced overall operational accuracy.

### Shopping App (Ongoing)

*A next-generation e-commerce platform integrating live streaming with real-time purchasing.*

- Designed an interactive live shopping interface enabling users to buy products during ongoing video sessions.
- Developed reel-based purchase modules with embedded "Buy Now" actions to drive user engagement and conversions.
- Integrated essential e-commerce features including product search, cart management, and checkout workflows.
- Technologies: React Native, Firebase, REST APIs, Video SDK (planned), AWS (planned)

## Core Strengths:

---

- Solid understanding of Object-Oriented Programming (OOP) principles
- Collaborative team player with clear and effective communication skills
- Quick learner with a strong enthusiasm for exploring new technologies
- Skilled in debugging and resolving complex technical issues
